

Household Support Grants for working families available now!

Wyre Council is able to offer support to those in need who have not qualified for previous Household Support Grants, such as those in employment who have dependent children, who earn too much to claim social benefits yet still struggle with the daily cost of living.

To be eligible to apply for help from the scheme, applicants must live in the Wyre area, be liable to pay council tax, have dependent children and not be in receipt of social benefits other than child benefit, and therefore haven't received any of the cost of living payments made by the Department for Work and Pensions.

Applications will be considered on a case-by-case basis and awards are at the discretion of the council. Evidence will need to be uploaded as part of the application process, for example; bank statements and wage slips and Wyre Council has the right to refuse an application even if an applicant meets all of the criteria.
